12th March 2020

Dear Parents,

Spring Concerts

I am contacting you to let you know we have **postponed the KS1 & KS2 Spring Concert that was due to take place tonight.**

The decision to postpone has not been taken lightly. The reason I have made this decision is that we are waiting for the outcome of central government meetings and guidance from the Department of Education. We anticipate there may be recommendations regarding social distancing, and I believe it would be unwise of us to continue regardless.

With this in mind our main consideration for tonight's event is the size of the hall and the number of participants and their families. With 45+ performers and their families to support them we would be at full capacity.

Please rest assured school life continues with added precautions of handwashing and hand sanitizer at the forefront of our actions.

The KS3/KS4 concert scheduled for Friday 13 March is planned to go ahead as there are less numbers of people involved so space can be maintained.

I hope you understand the difficult decision I have made. You will be informed of the new dates for the concert in due course. If you have any concerns, please do contact me.

Best Wishes

C Tanton
